## ULYSSES RALLY 2012

### Thursday Night Drinks At The Gonubie Hotel

The Rally weekend started with a huge BANG on Thursday night. We were so keen to rally that most of us arrived early.

We all met for drinks around 6pm, and many of us stayed to the end, yip last round was called and the doors were closed, guess it was time to go back to rally site were we could still find cold beer.

Caravan fridges are wonderful things, and campers always come prepared with provisions.

### Grand Theft In East London

If it was not nailed, tied or welded down it was gone. Well not really, it ended up at the West Rand Camping Site.

We had our rally gazebo up, furnished and potted.

Before Elmay could shout, "Hey Bring Back My Pot Plants" It would not be the last time she had to KAK us campers out.

We were well looked after on site, with full security ensuring we did not lift anything else. All items were returned and no one was harmed during our rally time.

Thank you East  
London A huge thank you to Neville, Elmay and the East London Crew for putting on one Fantastic Rally. It will be a hard act to follow.

# Friday Party

**Night** Party is what the Woes Rand do best, First In and Last Out.

We started the evening with a social braai with all the other chapters. Once fed and smelling like smoke, high on braai fumes we headed into the main tent to party up a storm.

As Rallies go, Friday is always GO BIG. We did!!! Way to go West Rand.

## Saturday Night Diner

As Saturday nights go, very few people will party hard or stay out very late. Well the West Rand did, when we packed it in for the night only the East London guys were still there, but they were making sure the campers did not walk off with anything. Sure they all breathed easy when we finally made it to bed.

## Best Ulysses Rally Ever !!

~ Joe With the National Rally in East London, it was somewhat difficult and costly and we had some members that simply could not make it. Well, the East London group surely knows how to organise a rally. I have spoken to many people and they all agree – this was the best Ulysses rally ever! Well done to Elmay and her team. They just blew any previous rally right out of the water.

As usual, the West Rand team were leading the party and showing the spirit like only the Woes Rand can do.

With so many highlights and memories, there is no way to write it all down in a few words.

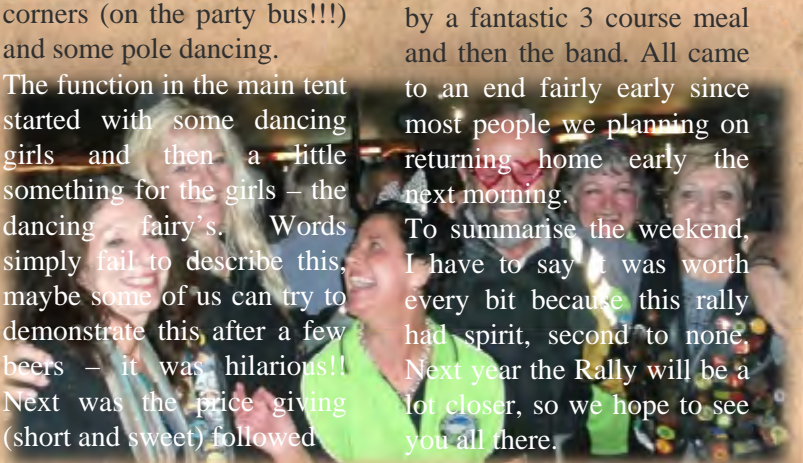

We had Hylton and co leading the party on Thursday night at the Hotel (Rally Welcome Party) until they closed. On Friday we did some awesome outride's and bumped into the best traffic cops I ever met (more about that later). Friday afternoon was the Rally meeting, followed by a braai, a great band, lots of cold beer and huge party. Willie decorated our gazebo with plants and signs, Lawrie found a pair of rally tekkies and we named his doll "Alice". Our party girls "Anne-Maria" and "Cathy" were leading from the front like only they can do with "glow in the dark" Lawrie keeping everybody busy. Saturday morning was loaded with activities, from photo-shoots on the beach to outrides, track rides and the party bus. Once again the Woes Rand was there with Pieta making the Kawa scream on the track, Hylton and Heleen getting the knee down in the

corners (on the party bus!!!) and some pole dancing. The function in the main tent started with some dancing girls and then a little something for the girls – the dancing fairy's. Words simply fail to describe this, maybe some of us can try to demonstrate this after a few beers – it was hilarious!! Next was the price giving (short and sweet) followed

by a fantastic 3 course meal and then the band. All came to an end fairly early since most people we planning on returning home early the next morning. To summarise the weekend, I have to say it was worth every bit because this rally had spirit, second to none. Next year the Rally will be a lot closer, so we hope to see you all there.
