

Ulysses East London Newsletter

June 2021

Dear Ulysseans,

As you read this, Autumn will have passed on, but has given some of the best biking weather any rider could wish for. And the weather certainly has been perfect for the many day jols seen this month on the biking calendar, and testament to this is the fantastic support of bikers from the biking community at large.

The first Club social in May had a phenomenal turn-out. Guests, friends and relatives of Club members joined in on what can only be describe as a festive Friday!

There was also a birthday or two to celebrate, and I'm sure the party continued long after I had left!

A Bikers Breakfast was held at the MOTH hall in Cambridge, with funds being raised for this institution.

Turn-out was fair, and to be expected, as it was also Mother's Day, and a windy morning with a few good showers the night before.

Club Ride on the same Sunday was to an old favourite – Bhira Crafts for breakfast on the R72.

On Friday the 14th a few Ulysseans went on to enjoy a total rocking blast of an evening at the Road Runners club house in the form of a burger evening (very tasty burgers!). Great vibe and excellent live entertainment by the *Wild Coast Rockers* had everyone letting their down (if you still have hair) and a really awesome night to end off a long week, and blast yourself into the weekend! – Thank you to Road Runners for a totally awesome evening!!

2-Dam biker
outride for the
Saturday

Cowboy themed Gala Dinner

Bosveld Chapter hosted the 2021 Ulysses National Rally at ATKV Buffelspoort. It was a great success as can be seen by the photos taken. Great attention to detail as there was a cowboy/wild-west theme. Wanted posters spread around, great table décor at the Saturday Gala Dinner. Members dressed as per the theme in cowboy hats and with toy guns. Each attending chapter had their names engraved on wooden planks – a great touch! Candle holders crafted from horseshoes, little cowboy hats and boots on the tables, and miniature hay bales too! And not to mention the rough and rustic wild-west style food! The rally also coincided with the National AGM, held on Friday afternoon. The Upington Chapter gave a great presentation for hosting of the 2022 rally and showing off what can be expected. Sounds very promising!

With the covid restrictions placed on the event, Bosveld did particularly well with the event and everything seemed well under control and a great atmosphere was felt at the Rally. Music on the Friday night was superb and the live band performed some great country and rock songs. Thank you to Bosveld, NatCom, and all those at the Rally!
