

Ulysses Joburg North
First Breakfast Run of 2013
14 th. January 2023

UJN's first breakfast run for 2023 was marred with hapless incidents. While on route to Casa Nieto, Hennops, Len's bike slid out on a slippery part of the road and landed on the grass on the opposite side of the road. We were later informed that the road was very slippery for a few km's due to chicken muck mixed with water, which drips onto the road from the chicken trucks. Incidentally another biker, not from the UJN chapter, slid out about 400 meters from Len's incident. On the way back home, Jimi had the unfortunate incident of colliding with a very intoxicated pedestrian who walked straight in front of his bike. Fortunately, Len and Jimi escaped serious injuries with a few bruises and abrasions. 🙏. On a lighter note, the turnout was great, a total of 25 bikes took part in the ride which was a round trip of about 95km. Five visitors joined us for the ride. Ilouise, Jan and Irena's daughter was Jan's pillion. The other visitors were Alex, riding a Honda VTR Firestorm 1000cc, Mark, riding a Husqvarna 701cc and Paul riding a KTM 1190cc. Johnny also joined us once again, riding a Hayabusa. Welcome guys and we hope to see more of all of you. Thank you to John, our road captain for arranging the venue.
