

Breakfast Run

Café du Cirque, Randfontein

17th August 2025

UJN, enjoyed a great outing today in what was perfect weather, after the relatively cold miserable day we had yesterday. We landed up riding to Cafe du Cirque, Randvaal, which ended up a great choice, after it was established that our first-choice venue only opened at 11h00. Apparently, the Boswell Wilkie circus was based there until they closed down in about 2002. However, the coffee shop still remained open. The trip was about 60km one way. There were 13 bikes with 2 pillions. Andrew, one our stand in Road captains led the ride and Jimi did the sweeping. We had a visitor, Rick who joined us, riding a BMW 1200R. Welcome Rick, hope you enjoyed the ride and company. Thank you everyone for a great morning
