

Breakfast Run 2023.02.12

Rusty Feather Magaliesburg

This morning's ride was shorter than usual, a round trip of 140km with only 7 bikes and one pillion. Visitors Hennie and Anne-Marie joined us on their Triumph Tiger. We headed south on the N1 towards Hendrik Potgieter. On route we landed up on the notorious Satellite Road where we opened our throttles until we arrived at Rusty Feather. We had just sat down when we were informed that one of our bikes had fallen over by a fellow biker, hope all is fine Mac. The food and venue were very nice with great service. Thank you all for a very enjoyable morning.
