

Pretoria Toy Run

2025.11.23

An early start this morning at 05h45 found Willem, Julian, Mike & Deon P at our usual Total Garage cnr Malibongwe & Northumberland. At 06h00 sharp we left to meet the Centurion Ulysses members, via the Krugersdorp highway, at the Engen Garage on John Vorster Dr.

After a brief intro & chat we left for the Kolonnade Shopping Centre via the Zambezi offramp. The Parking lot was already half full by the time we arrived. There we met up with Richard & Bea and Des. As per usual for the Toy Run, bikes of all brands were there, many with toys attached. After a brief chat with fellow bikers, a quick coffee, we formed up to leave the Kolonnade Shopping Centre. From the start, you could see this was a well organised and managed event. Biker Marshalls and Pretoria cops were at all intersections. The bikers rode in perfect formation at a good pace making a pleasant ride through Pretoria North towards the final destination in Wonderboom at Kontrei Lavender Mark spotting Ivor en route. A great venue with plenty of parking, various stalls and plenty of food to choose from. After handing over our toys, a bite to eat, a walk around the stalls, we left the venue to go home. After a quick Kodak moment at the Wonderboom Military Base, requested by Deon P, we rode past the actual Wonderboom, up the hill, and on to Tony and Michele to wish Tony all the best for his operation on Tuesday

A great morning spent with fellow bikers and supporting a good cause.
