

Breakfast Run
Cursive Lifestyle Eatery
Irene Country Club
29th September 2024

UJN breakfast run Sunday 29 Sep

This morning, after some riders experienced early morning rain, yet chose to ride anyway, 7 of us on 6 bikes headed out to the Cursive Lifestyle Eatery situated in the Irene Country Club, Centurion. Temperature was perfect for riding today: it was not too cold or too hot. No wind or rain!

With Tony leading and Jimi sweeping, we took a short, easy ride along the R114 to Eldoraigne. With Tony deciding to show everyone the growth of Centurion, he took us through Townhouse Valley, into Lenchen Ave (with the Rooihuiskraal Historical Terrain, https://www.tshwane.gov.za/?page_id=5009 on the right which has an old military vehicle, antelope, 2 blue cranes, an old barn and various farm animals). Not stopping, we headed down Old Joburg Road to Nelmapius Road which took us to Main Road and the venue.

What a beautiful setting! (Thanks for the suggestion, Sharon).

Food was good and affordable, with Willem ordering his traditional Milkshake. Sharon and Des, recovering from last night's rugby game, joined us at the venue. Sharon followed Willem's example with her own chocolate version.

After lots of catching up and chatting, with both regulars and not-so regulars (welcome back Peter!!), thanks go to Willem for being the accountant for the day.

For the return journey, we split up to take different routes home (R21-Benoni, local (Irene and Centurion) and N14 back to Krugersdorp).

An enjoyable, easy morning by all accounts. Thanks everyone.

L to R: Pete , Jimi , Johnny & Willem
