

**Breakfast Run**  
**Grutte Bush Pub,**  
**near Nigel**  
**2<sup>th</sup> June 2024**

UJN enjoyed a ride to a very interesting venue, the Grutte Bush Pub near Nigel on Sunday 02.06.2024. The road 3km before the venue was rather rocky and turned the ride into a bit of an adventure which was challenging for the Superbike riders and at the same time added some fun to the trip. The venue was a stone building in the middle of nowhere which consisted of underground tunnels with mining memorabilia. We were told that it was where the mine workers did their training many... years ago. The breakfast was superb. John, thanks for the great choice of venue, which was very... different. There was initially 9 bikes however Julian had a starting issue when leaving our meeting spot so opted, wisely to rather go home then get stuck out in the middle of nowhere. On route back home we encountered a fairly strong wind and it looked like bad weather was threatening however we all made it home before the rain. John led the group and Jimmy did the sweeping. Thanks guys.
