SATURDAY RIDE [KRAALKOP HOTEL] 20 OCTOBER 2018

With the knowledge of a Chapter member having to undergo a medical procedure which will force him to park his ZX14 under cover for 2 months or until the Specialist gives the "All Clear To Ride" again, it was decided to call for a ride on Saturday and then followed up by a social get together at the Kraalkop Hotel to show support and to wish him all the best. Many Chapter Members and Friends duly took the time out to show support.

SATURDAY RIDE 20 OCTOBER 2018 [Continued from P1]

The original plan was to ride out to Harties and visit Woody's Family Grill but then the weather forecasts came in suggesting heavy wide spread rain forecasted for the region.

With that rain forecasted in northern regions it was then decided to get together at Kraalkop Hotel as from 14h00.

Nicky felt that he needed to get in a good ride before the "ride ban" kicks in so he posted on the Chat Group "Who was interested in a quick ride to Parys" before going onto Kraalkop.

With that an alternative was decided upon whereby those that wanted to ride could meet at R500 & N12 Fochville 4 way stop and then ride onto the direction of Parys.

Mark, Nicky and Dawie met up at the 4 way Garage and rode to The Doors where they had a quiet cold one and then rode back to Kraalkop to met up with the others.

Message went out on the chat group asking where the riders were and Quote "Why are we waiting? It's past two and had two beers already."

Suddenly the Harley got the blame as the reply stated "Dawie's new baby Nicknamed Skilpad".

Mmmm, let us take a step back and analyse that comment! That new acquired Harley Touring Bike has a much larger capacity fuel tank than a certain other Harley V-Rod. But that's another sad Harley story to be shared for another day.

All met at Kraalkop from 14h00 and had a great social & general chinwag.

The Home Safe messages starting coming in on the WhatsApp Chat Group around 18h56.

SUNDAY BRUNCH RUN

MIDDELBURG [Mpumalanga]

21 OCTOBER 2018

You may have heard of getting onto a Cruise Ship in Durban Harbour to sail to NOWHERE.. Well, a similar theme idea was devised but for biking whereby one rides for C/Ville to Middleburg to see how far it is, have a munch and hit the return ride.

With only 2 riders interested namely Specs & Mark to take on the approximately 265kms X 2 for the day.

Specs reported after the trip: Riding with Mark is always an adventure, you never know what the LT Beamer is going to do, the trip to Middelburg went off without a hitch, but.....

The return trip was an adventure with the gear link, similar to Allan's Bully in May at Goudini, breaking down at the Doornkop 4 way stop with the Beamer stuck in second gear.

We ended up crawling home in second gear and speeding up to 90 kph then freewheeling to help prevent overheating from the 4 way stop to home +- 40 km. Beamer is now parked at Specs, Gerald is required to help fix it. Mark & Specs will supervise & make potjie.

Photo on Right: Showing how to be truly Disgraceful by relieving oneself, after having just too much coffee, on the property wall instead of the traditional method of wetting the pole.

Reported on the Chat Group somewhat in secure coding and very indirectly "Home Safe".

Smile a While

I didn't realize how fast a rider I was on my bike until my Sat Nav said, "In 400 metres, do a slight right, stop, and let me out."

Young bike riders pick a destination and go... Old riders pick a direction and go.
