The ride left 007 Engen Garage at 10h30 and headed for Parys along the R500. The ride had another objective and that being over lunch the group would discuss the program for the Matoppie Game Farm Weekend Run the following weekend. Three members who were scheduled to ride to the farm opted out of the Parys ride.

Route had hardly any traffic until arriving in Parys where the traffic in town was hectic as normal with all the weekend visitors. Arrived at the Parys Aerodrome to find plenty of parking under the trees & when the waiter seating the group under the open sides patio.

Some of the meals ordered.

The restaurant has come a long way & serves good food.

Photo Left: John's smile told it all that his was happy with the "Boeing Sosatie Fillet" on a skewer hanging off the plate on both sides.

After Lunch the group decided to take the longer route from Parys to Potchefstroom & then onto Carletonville. But first was a stroll to the Toilet where a sign [photo right] mounted on the wall in front of the urinals caught ones attention.

**Pilots with short propellers
and low manifold pressure,
please taxi closer!**

The road back home via Potchefstroom did have a number of slow moving trucks which caused the group to ride at a slower pace but "Better Safe Than Sorry" and arriving in C/Ville around 15h15.

All reported home safe.

The group of 6 left C/Ville at 10h00 & met up with 3 more in Welverdiend bringing the total to 9 made up of 5 Riders & 4 pillion riders. There were 2 BMW GSAs and 3 BMW GSs & Bmw's being the ideal bike for the bushveld and its soft sand.

After meeting up with the Welverdiend group the route taken was the Welverdiend to N14, N14 to R30 to Derby, onto the R509 to Koster, R509 to Swartruggens, N4 to Groot Marico where the group stopped over at Wag n Biekie Restaurant & Bar for a bite to eat and something to quench the dry throats.

Marico Nipple

Allan was introduced to Wag n Biekie & its traditions by the Late Hoodlums President, Toppie Erasmus some years back. Allan thus ordered a round of "Marico Nipples" for all after which John stated nipples come in pairs so he duly ordered another round of "Marico Nipples". They went down well for the exception of Trudie who wondered off to go cough, splutter, choke & to cough out her stuck cherry. Right way the Uppington Brandy toasting & puking in the garden can up for discussion around the table. Food was ordered and load shedding did have an impact with the timing but the servings were tasty & worth the wait.

Majority went with the Hamburger & Chips whilst 1 member went for the Steak & Chips.

The hamburger patties were custom made with mince and other ingredients giving the patty an awesome taste.

After the meal & drinks were finished the group mounted their saddles again and on full stomachs took to the N4 and onto Zeerust then took the R47 going through Lekubung, Mokgola. Approximately 5kms from Mokgola along the R47 the group turned off to the left onto the Matoppie Game Farm & Safaris. Jaco the Road Capt guided the group through along the farm road & through some thick fine sand which caused some to stress.

Arrived at the camp site to find lovely thatch roof chalets.

Before going on the Game Drive Gerhard threw a bucket of food for the buck who would be drawn to the camp at sunset set when that approach the camp to feed their favourite treats.

Arrived before sunset at Petrus Dam before sunset and the animals had not yet started arriving for their evening drink.

Riding along the farm roads, large lumps of crystal rocks were observed and Gerhard explain that the "Salt Blocks" were placed around the Game Farm so the animals can get sodium, calcium, iron, phosphorus & zinc they need to maintain strong bones & muscles just by licking the blocks.

Allan & Petro were challenged by the group to go lick & taste what the blocks tasted like and give feed back. Well the challenge was taken up and a photo was taken as proof that they licked the salt rock which every beast on the game farm had licked. Thank goodness for the high salt content which camouflaged all the other stuff on the block. Allan pointed out that even his Black Label beer tasted different afterwards.

On route to the dam the group had seen a number of buck which all seem to be heading to the dam. Kudu, Black Wildebeest, Springbuck, Waterbuck & Eland were observed from a distance. With sunset upon the group they set off back to main campsite.

Arrived back at camp & prepared for the Chapter's Monthly Meeting inside the main rondavel.

Left: Trudie presented Nicolene with a small gift to say thank you for accommodating the Group of Ugly Buggers on their Game Farm.

Left: Gerald [Vice] presented Gerhard with a small gift also as a token of thanks.

Below: Sat Evening Braai with the wood collected from the farm and as Gerhard told us this Microwave costs him nothing and load shedding as no impact at all.

Photo Left:
In the morning the fire was rekindled to be able to cook the breakfast serving. Gerhard & Nicoleen had taught the group that we don't need Eskom or Gas to prepare & cook our meals. Of course with the right wood the smell that impregnates the meat is so unique and adds to the taste.

Out and About

Saturday 16 September 2023.

Andries & Manda visited Langebaan, for Sushi & Cocktails.

Sunday 24 September 2023. Andries reported:

Myself and Manda attended the Meeulanders annual dart run yesterday. Started at Juffrous Hoogte, then we went to Foonix pub in Vredenburg, then to Sandstone pub in Saldana, moved on to Hill View pub in Langebaan and from there to the Plaasmol just outside of Hopefield where the prize giving happened. We were both lucky at the lucky draws. Manda won a car wash kit and I won a R100 Juffrous hoofte restaurant voucher. All in all a nice day, if it weren't for the wind blowing at 50km/h. Our bodies felt the wind pounding and was glad to get home around 18h45.
